

Staff Profile

Robina Scahill, Physiotherapist

Qualifications:

Diploma of Physiotherapy 1979, Auckland, Bobath Certificate 1984 Auckland
Wee FIM and Adult FIM accredited 2008
Level 1, Brain Injury Rehabilitation Course at Massey University – 2009

Profile:

I qualified from Auckland Institute of Technology in 1979. Since qualifying I have worked in a variety of areas including Health for the Elderly, Paediatrics, Clients with Serious Injuries and those with Traumatic Brain Injury.

My areas of expertise and interest are in Paediatrics, as well as working with clients who have serious injury, both ACC and Min of Health. I am very experienced in developing Training for Independence programmes for Clients with Serious Injuries and for providing training for their carers in manual handling and passive exercise programmes.

I am currently also providing Physiotherapy services for Explore, who are a multidisciplinary team set up to support providers who are caring for clients who once were living in an institution or who have some form of physical, or intellectual disability.

Specialises in:

Social Rehabilitation Integrated Rehabilitation Assessments
Specialist Aids and Appliances
Complex and standard physiotherapy assessments and treatment programmes
Development and monitoring of training for independence programmes
Single Discipline Assessments
